Print a check sheet—not a pass/fail result

Record actual values, their document or measurement and date, and anything still unresolved. Completing this sheet is not approval to tow.

pirkawakka.com/guides/rv-weight-checklist

Item to establish	Actual unit/loaded value	Document or measurement and date	Still unresolved
Exact tow vehicle and trailer configuration			
Vehicle manual/towing guide for that configuration			
Tow-vehicle certification/occupant-cargo labels and applicable ratings			
Occupants, cargo, accessories and installed hitch equipment			
Loaded trailer gross and individual axle measurements			
Loaded tongue/pin/downward hitch load			
Trailer certification label: GVWR and axle ratings			
Receiver, hitch, ball/coupler and applicable equipment/mode limits			
Combination rating and other limits specified in the actual manuals			
Conflicting or missing figures requiring manufacturer clarification			
Qualified help needed to interpret measurements or equipment setup
